# Primary Language & Check-in Station Translation

MySeniorCenter's check-in Station has the ability to translate your center's event names into various languages for non-English speaking participants or for those who may not use English as their primary language.

1 MySeniorCenter's check-in Station has the ability to translate your center's event names into various languages for non-English speaking participants or for those who may not use English as their primary language. This must be changed on an individual basis.

1. Find the participant under the People Tab

2. Click that person's language button or File Info button

3. Change the participant's Primary Language

4. Scroll down and click save

2 The next time that person signs into the Check-in Station your center's event name's will be translated.
